

Building certainty into every structure.

Company Profile • Delhi, India

Turnkey • Warehouses • PEB • Industrial • Interiors • Demolition

A Delhi foundation with a broad construction mandate

Established by Muhammad Salim in 2000, Hind Constructions positions itself as a dependable civil construction partner—combining engineering capability, project coordination and practical value.

Serving projects across a wide range of building types.

Experience • Qualified engineers • Fair pricing • Customer satisfaction

Year established

Delhi

Headquarters

Nationwide ambition

Six services cover the full construction spectrum

ONE COORDINATED CONSTRUCTION PARTNER

Warehouses engineered around operational flow

Hind Constructions presents warehouse delivery as a core specialization—balancing structural strength with storage efficiency, movement and safety.

01 Site & layout

Access, circulation and usable footprint

02 Structure

Robust framing and fit-for-purpose spans

03 Movement

Efficient storage, loading and material flow

04 Safety

Operational planning with safe movement in mind

05 Scalability

Adaptable capacity for future requirements

One coordinated path from idea to handover

A single accountable relationship connects planning, engineering, construction and handover.

Built for the places where people live, work and grow

01 Industrial & logistics

Factories • Warehouses • Processing units

02 Commercial & institutional

Schools • Hospitals • Laboratories • Malls

03 Residential & hospitality

Flats • Bungalows • Farmhouses • Hostels

04 Public-use infrastructure

Roads • Multi-storey buildings • Administrative facilities

Trust is built before the first foundation is poured

Integrity

Clear, honest dealings with clients, employees and partners.

Quality

A consistent commitment to materials, workmanship and service.

Safety

Precautions that protect teams, clients and the public.

Sustainability + innovation

Better technologies and materials to reduce impact and improve outcomes.

Capability matters. Accountability makes it valuable.

Clients need more than construction activity—they need confidence that scope, quality and execution are being actively managed.

- **Qualified team** Experienced engineers and architects across project scales.
- **Broad expertise** Civil, industrial, PEB, warehouse, interiors and demolition under one roof.
- **Value focus** Competitive pricing paired with a stated commitment to better materials.
- **Client commitment** Customer satisfaction is positioned as the measure of progress.
